- Keyed Handle:**  No-Keyed       Keyed       Key Alike
- Glass:**  EC+/Clear       Other

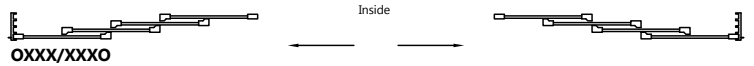

**Additional charges may apply:** Jobsite delivery is not available in all areas. Warranty is subject to following the provided installation instructions and using an adequate header for support. Cascade Windows does not warrant the installation of the product, or adjustment related requests.

**NOTE:** Regardless of sill type, the foundation must support the sill height variance requirement of 1/16" maximum across the entire sill length. In conjunction with the sill, the framing of the rough opening must be installed plumb, square, and true within 3/16". The header must be flat and designed to uphold the deflection requirement of not more than 1/8" over the entire length of the unsupported span when fully loaded. Side jambs and pocket framing must be constructed of a continuous flat solid surface that is plumb. The folding door and window system require an additional structural load calculation for the header, equal or greater than 7 pounds per square foot of rough opening, with same deflection criteria above.

**3750 MULTI-SLIDE DOOR - 3 3/4" WIDE SASH MAX R.O. 336" X 96" or 270" X 120"**
